

We are a family of four including two teenagers. KLOVE is the primary radio station for our entire family. KLOVE provides services that have been difficult to find in any other radio station. I have no misgivings about allowing any member of my family to listen to KLOVE, due to the family safe content. Sadly, I can't say that about most other stations. There are other Christian stations in our area but they mostly broadcast on AM and the format is more talk oriented. The other FM stations don't seem to broadcast the kind of mainstream Christian music that we prefer. Another aspect of KLOVE is the ability to listen on-line.

There is no other station quite like KLOVE in our area. It enriches our lives and I know that it's listened to by a wide variety of people. KLOVE bumper stickers are everywhere but beyond that, our area always makes the goal during the pledge drives. Our community votes with it's hearts and with their dollars.
